Midterm meeting at Tongji with attendance of the Consulate General - Removal of pollutants from Taihu water during drinking water production

Prof. YIN Daqiang, Vice Dean at the Tongji University, cordially welcomed us to exchange the latest research results in the presence of Dr. Silvia Kettelhut, Science Officer of the Consulate General of the Federal Republic of Germany in Shanghai. The Chinese as well as the German partners presented their running research about the raw water quality of the Taihu as well as about technical aspects during water purification to obtain clean tap water from the impaired raw water. It was a great opportunity for the German partners from BBE, FZI, Hydroisotop, INGE, IWW, KIT and TZW to discuss their latest results with the Chinese partners, to coordinate the next steps and to further deepen their collaboration with Prof. YIN Daqiang and his research team.

SIGN项目在同济大学举办主题为湖水有机物监测和净化的中期研讨会 德国总领馆参会

同济大学环境科学与工程学院副院长尹大强对到访的SIGN项目团队表示热烈欢迎，双方在德国驻上海总领事馆Silvia Kettelhut博士的莅临下交流项目最新信息。中、德双方伙伴单位展示了当前对于太湖原水水质的科研情况，讨论了将湖水向洁净饮用水净化过程中的技术挑战。该会议为德方伙伴单位bbe moldaenke 有限公司、尤利希研究中心(FZI)、Hydroisotop 有限公司、inge 有限公司、莱茵威斯特法伦水研究所 (IWW)、卡尔斯鲁厄理工学院 (KIT)和德国燃气与水工业协会水科技中心(TZW)提供了良好的机会同中方伙伴集中探讨目前的认知状况、协商下一阶段的具体工作方案以及进一步加深同尹大强教授及其团队的合作。
