SIGN coordinators signed cooperation agreement with the ministry of the Jiangsu province and the Suzhou Water Supply Company

The fundamental cooperation of the SIGN project with the Chinese operators was further strengthened by signing two cooperation agreements. The agreements were made with the Chinese Ministry of Housing and Urban-Rural Development ([MoHURD](#)) of the Jiangsu province and the communal water supply in Suzhou. Prof. Dr. Andreas Tiehm and Dr. Günter Subklew (project coordination, TZW) arranged further training programs with vice director Dr. LIN Guo-Feng (MoHURD), Prof. YIN Daqiang as well as Prof. TAO Tao (Tongji University) during this ceremony. Further technological German-Chinese improvements will be deployed at the Taihu, which is the focus region of the Chinese water research. The main focus of the work will concentrate on the drinking water treatment and on the management of the water distribution network.

SIGN 项目与江苏省住建厅及苏州市自来水公司签署合作协议

SIGN 项目同中方技术应用单位的合作基础通过两项合作协议的签定得以进一步强化。协议分别与[江苏省住房和城乡建设厅](#)和苏州市自来水公司对接签署。Andreas Tiehm 教授和 Günter Subklew 博士（德方项目协调，[德国燃气与水工业协会水科技中心](#)）在签约仪式中与[江苏省城镇供水安全保障中心](#)副主任林国峰博士、[同济大学](#)尹大强教授及陶涛教授约定了项目框架下的更多培训措施。德中合作的技术研发成果将在中国水务研究的一焦点区域——太湖投入应用。合作研究的重点是饮用水处理和配水网络的管理。
